# Why Greek Dreams?

1. You plan your house with our architectural team

2. We undertake to build your house or houses

3. Our Eco Villas are in harmony with the natural environment

4. In 12-18 months you enjoy the quality of living in Lykorema

*“The principle of sustainability is the foremost concern for us in Greek Dreams.”*

*It starts with the design and finishes with the testing of all systems, which give the home an energy character, applying innovative methods to achieve the best and most efficient result. “*
